

No Turning Back

Intro

Temptations threaten all around
The devil wants to try to shake my ground
He'll try to trap me and own my soul
But he won't have me when Christ is my goal

Couplet

Had the LORD not been my aid
My soul would be laid
In the silence of a land alone
Had the Lord not been my aid
My soul would be laid
Forced to reckon with the demons unknown

Chorus

We will not turn back
The LORD will not forsake us
Sin will not control us
We will be victorious

Couplet

Thinking that my foot had slipped
You kept me in Your grip
When my cares left me in a dark hole
Thinking that my foot had slipped
You kept me in Your grip
Your love came and cheered my soul

Chorus

We will not turn back
The LORD will not forsake us
Sin will not control us
We will be victorious

Couplet

Wait and have your strength renewed
He'll give power to you
You'll soar on wings and will not grow weak
Wait and have your strength renewed
He'll give power to you
A fortress is the LORD for those who seek

Chorus

We will not turn back
The LORD will not forsake us
Sin will not control us
We will be victorious
